

EMANES ANNUAL CONFERENCE 2022

Convivence, inclusion and entrepreneurship in the Mediterranean: a Likert analysis

Prof. Dr. Robert Lanquar

Convivence is the translation of the Spanish Convivencia. The French Academia has integrated this word into its Dictionary as "a situation in which different communities and human groups live together within the same society, maintaining relations of neighborhood, concord and exchange".

As part of the preparation of the II^o World Forum of the Convivence that will take place in Cordoba, we want to know how the Convivence is taken into account in companies, organizations and local authorities in the Mediterranean. This survey based on a questionnaire using as a measuring instrument, the Likert scale to know the attitude of companies, organizations and local authorities towards Convivence.

Your answers are considered confidential. Thanking you

Robert Lanquar, Ph.D.

Commissioner of the Second Cordoba Forum, World Forum of Convivence
Member of the Paradigm Cordoba Foundation for Convivence

Name:

Headquarters (city and/or country):

1. Should the concept of Convivence be better known and interpreted by Mediterranean companies, organizations and local authorities?

Total agreement _/_	Agree _/	No opinion _/	Disagree _/	Total disagreement _/_
------------------------	----------	---------------	-------------	---------------------------

2. Does this concept go beyond inter-religious dialogue?

Total agreement _/_	Agree _/	No opinion _/	Disagree _/	Total disagreement _/_
------------------------	----------	---------------	-------------	---------------------------

3. Do you use the word Convivence to communicate the values and culture of your company, organization or community?

Total agreement _/_	Agree _/	No opinion _/	Disagree _/	Total disagreement _/_
------------------------	----------	---------------	-------------	---------------------------

4. Should the concept of Convivence also apply to strategies for the inclusion of minorities in companies and territories as well as human resources development and international tourism?

Total _ /	agreement	Agree _ /	No opinion _ /	Disagree _ /	Total disagreement /
--------------	-----------	-----------	----------------	--------------	-------------------------

5. Should the CSR (social and environmental responsibility) of companies, organizations and communities also include a Convivence indicator (to be defined and created)?

Total _ /	agreement	Agree _ /	No opinion _ /	Disagree _ /	Total disagreement /
--------------	-----------	-----------	----------------	--------------	-------------------------

6. Do you think that Convivence should be included in entrepreneurship and leadership training?

Total _ /	agreement	Agree _ /	No opinion _ /	Disagree _ /	Total disagreement /
--------------	-----------	-----------	----------------	--------------	-------------------------

7. Climate change and the ecological transition will have a considerable impact on international relations and geopolitics. Will they affect Convivence?

Total _ /	agreement	Agree _ /	No opinion _ /	Disagree _ /	Total disagreement /
--------------	-----------	-----------	----------------	--------------	-------------------------

8. May 16 is the World Day of Living Together since the decision of the United Nations General Assembly on December 8, 2017. Should they not ask that the HDI (Human Development Index) includes Convivence in its measurement?

Total _ /	agreement	Agree _ /	No opinion _ /	Disagree _ /	Total disagreement /
--------------	-----------	-----------	----------------	--------------	-------------------------
